2015pngupdate.eventbrite.com

Presented by

School of Business Administration
The University of Papua New
Guinea

and

Development Policy Centre
The Australian National University

The annual PNG Update is the premier forum for the discussion of research relating to contemporary economic and public policy issues in PNG.

The 2015 Update includes keynotes from leading PNG policy makers, and more than 50 papers from academics and practitioners on different aspects of PNG economics, governance and society, with sessions on: migration; gender; mining and development; macroeconomics; decentralization; the private sector; education; agriculture; forestry; land; urban development; corruption and governance; human development; and IT.

Draft program now available at devpolicy.anu.edu.au.
