

Aid jargon: don't drink the (un)kool-aid

Raphaël Merx, 2022

Talk DFAT to me

Much innovation, very SDG 9. An app that writes in the style of DFAT reports.

Key lessons learned for the Improving Education in Papua New Guinea program

- Take a partnership approach in working with the Government
- Flexible planning with a long-term focus
- MEL with a focus on tangible outcomes
- Capacity building of key education management staff 

Why avoid jargon?

Less jargon means more..

- Transparency
- Accessibility
- Equity

Protect our jobs from AIs
Support locally-led programming

Minimise jargon
