- **Financial Objectives – Growth, Expansion, capturing and retaining market share.**
- **Social Objectives – Community Services**
- **Environmental Objectives – Support Green Environment – Environment Friendly.**

# VALUE CREATION

- Value creation is the primary priority of any organization. (providing maximum value to most of its stakeholders)
- It is obvious that most successful organisations understand that the purpose of any institution is to create value for its customers, employees, fund providers as well as to all stakeholders.

# VALUE CREATION

STAKEHOLDER	VALUE
1. Shareholders - Government	Maximum number of quality human capital on regular basis for the needy areas of development.
2. Customers – students & parents	Provide quality education and prepare them for employment / higher education / start their own business.
3. Employees – Academic & Non-academic	Ensuring appropriate working environment & meaningful contribution.
4. Suppliers of goods and services	Prompt payment and fulfilment of terms and conditions
5. Aid agencies and partners	Fulfilment of expectations.
6. Community/ employers	Develop responsible citizens/skilled workforce.

# NETWORKING

- A process that fosters the exchange of information and ideas among individuals or groups that share a common interest.
- Networking means relying on “who you know” rather than “what you know”.

# NETWORKING

- **Most people acknowledge that networking**
  - **Creating personal contacts to provide Support,**
  - **Feedback,**
  - **Insight, and**
  - **Resources**

**It is an essential activity for a motivated leader.**

# NETWORKING

- **Networking is moving beyond one's functional specialties.**
- **Networking is not a distractions from their “real work” but are actually at the heart of their leadership roles.**
