

Clive Moore's Solomon Islands bibliography

By Terence Wood

Great news if you are a researcher who works on Solomon Islands: Professor Clive Moore from the University of Queensland has just published his selected bibliography of anthropological, social, economic and political research (and more!) on Solomon Islands produced between 2003 and 2017. This is an incredible resource. It is amazing to learn just how much research has been produced on the country, and it's very helpful to know what's available. You can download the bibliography either [here](#), or [here](#).
