## New thinking about Pacific labour mobility

A full-day workshop on June 2 will present a range of new policy-relevant research on Pacific labour mobility for review and discussion. [The draft program is available here](#). Places are limited. If you are interested in attending the workshop, please send an expression of interest to Richard Curtain [richard.curtain@anu.edu.au](mailto:richard.curtain@anu.edu.au) as soon as possible.

In the evening (5.30pm, Brindabella Theatre) Dr Richard Bedford, Emeritus Professor at the University of Waikato and President of the Royal Society of New Zealand will present a public lecture titled “Towards an integrated labour migration strategy in our Pacific neighbourhood”. Professor Bedford will discuss the prospects for a more coherent Australia-New Zealand policy approach to Pacific labour mobility, particularly for those from Pacific atolls. Professor Brian Opeskin of the Macquarie University Law School will act as discussant. [Register here](#).

## Femili PNG Australia tour

[Femili PNG](#) is a PNG NGO that provides integrated case management to survivors of family and sexual violence in Lae, PNG’s second largest city. Devpolicy supports their operations and research. Femili PNG’s Operations Manager Denga Ilave has been on a speaking tour in Australia this week spreading the word about the organisation’s innovative approach and initial results.

### **Welcome baby Maeve**

Those who are regulars at Devpolicy events and the aid conference will know our Program Officer Macarena Rojas (Maca), and will have seen her growing bump over the past nine months. We were all thrilled to hear on Tuesday of the safe arrival of a beautiful baby girl, Maeve Irene. Everyone is happy, healthy and doing well. We wish Maca, her husband Matthew and baby Maeve all the best. Congratulations!
